CLAM HOUSE
BAR & GRILL
 Sushi, Seafood and Clams

The Whole fried fish which the Clam House refers to as the Thai Fry, is a featured nightly special. Once a fish from the Thai Fry list is ordered, it is crossed off for the night. The Thai Fry varies each night depending on the local daily catch – but you can often find hogfish and mangrove snapper on the ever-changing list. Prices are set by the pound and the Thai Fry is served with fresh sides made with locally sourced ingredients, along with fresh local clams right off their farm.

Local Freshness never tasted so good.
